

SISR: MEMBERSHIP or MEMBERSHIP RENEWAL FORM 2018-2019

Before filling out the form in paying your 2018-2019 dues, please read this information

SISR memberships are valid for the bi-annual period in progress (currently 2018-2019) whatever the date of dues payment might be.

These dues give you the right to:

- SISR [membership](#)
- a twice-yearly [newsletter](#)
- discounted registration fees at our [biennial conferences](#)
- for full members, subscription to the [review Social Compass](#) (8 issues during the bi-annual period in progress).

Three rates have been decided by the General Assembly:

- **Full members**
149 Euros (€)
- **Students, unemployed, young researchers, retirees and partners of members (couples)**
75 Euros (€)
- **Members coming from a country with weak currency**
54 Euros (€)

Ordinary rates and discount rates:

- Full membership is standard; it alone includes regular delivery of the review Social Compass. For this reason it is preferred even by members who could opt for a lower rate.
- In fact lower rates are maintained out of a **logic of solidarity among members, based on their varying possibilities of contributing to expenses**: thus normally reduced rates only come to bear **when people are paying the dues out of pocket and their resources are more reduced than usual**. Sometimes the criteria are obvious, such being a student or unemployed. Sometimes the criteria are to be judged by the person concerned: being a “young researcher” or member from a “country with a weak currency” can cover a range of resources. The reduced contributions thus constitute a **provision when necessary and not a formal obligation**. Potential beneficiaries will thus evaluate the need in their own situation while aware that many colleagues, even if they formally have the right, estimate not to have to take advantage of the reductions, thus contributing to leaving that advantage to those for whom it counts.
- “Countries with weak currency” are those NOT appearing on the following list : Andorra, Australia, Bahamas, België/Belgiën/Belgique, Bermuda, Brunei, Canada, Cyprus, Denmark, Deutschland, Ellas, España, France, Hong Kong, Iceland, Ireland, Israel, Italia, Japan, Kuwait, Liechtenstein, Luxembourg, Nederland, New Zealand, Norge, Österreich, Portugal, Qatar, Saudi Arabia, Schweiz/Suisse/Svizzera, Singapore, Suomi/Finland, Sverige, Taiwan, United Arab Emirates, United Kingdom, United States.

Reduced rates and offers from Sage:

- In 2018-2019, the editor Sage is offering a limited number of free online accesses to the review Social Compass to benefit specific categories of members having had to opt for reduced rate membership;
- Conditions:
 - Having paid your membership dues as a member from a country with a weak currency or as a young researcher;
 - Submitting a request, in addressing : administration@sizr-issr.org
 - attribution is limited by the amount available.

SISR: MEMBERSHIP or MEMBERSHIP RENEWAL FORM 2018-2019
